## WORK HISTORY

### SOFTWARE ENGINEER

*05/2023 to CURRENT*

**Inglett & Stubbs | Atlanta, GA**

- Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability, and performance.
- Updated old code bases to modern development standards, improving functionality.
- Integrated third-party tools and components into applications.
- Tested methodology with writing and execution of test plans, debugging and testing scripts and tools.
- Collaborated with management, internal and development partners regarding software application design status and project progress.
- Developed robust, scalable, modular and API-centric infrastructures.

## HOBBIES

- I love to go fishing in my free time. This is a hobby developed from a young age along side my dad.
- Building computers is another hobby that I have claimed with much knowledge of computer hardware.

- Soccer is a distinct trait of mine to which I have played from a young age until college.
